Digitization of Integrated Dairy Development Scheme in Web Portal

Vide Departmental Memo No. 6.S.S.(6)09/2020-2739 Date 11.08.2022, Department of Animal and Fish Resources, Government of Bihar has issued instruction towards implementation of "Integrated Dairy Development Scheme" (IDDS) under State Scheme to create self-employment by establishing 2 Milch cattle Dairy Unit in subsidized way. Its implementation has to be carried out by JEEViKA in 12 districts of Bihar i.e., Aurangabad, Bhojpur, Buxar, Gopalganj, Khagaria, Madhepura, Nawada, Rohtas, Kaimur, Saharsa, Purnea and Supaul districts of Bihar.

To effectively capture the programme's coverage, it is essential to establish a systematic mechanism for collecting scheme-related data on key parameters such as geographical reach, household coverage, number of cattle purchased, sheds constructed, and subsidy amounts disbursed. Such a structured approach to data collection and monitoring is critical for maintaining comprehensive and reliable records of each beneficiary supported under the Integrated Dairy Development Scheme.

In this context, the Livestock Theme, in collaboration with the MIS Team of BRLPS, has developed a dedicated IDDS module within the E-Dairy platform. This module includes specialized features for capturing beneficiary-level details of households supported under IDDS. It has been designed not only to enable efficient and accurate data collection but also to strengthen reporting, analysis, and visualization of dairy interventions across Bihar.

Furthermore, the IDDS modules have been structured with a clear focus on the programme's various components, with well-defined roles and responsibilities assigned to relevant stakeholders to ensure accountability and facilitate streamlined implementation.

A manual having details of all modules has been developed and attached as Annexure-2.

Staff wise responsibilities have been mentioned below:

Sr No	Platform	Entry Level	Responsibility	Frequency
1	E-dairy Web MIS	District Level	Livestock Manager/YP/Inc	Whenever IDDS implemented

Directions:

1. The login credentials will remain the same as those currently being used in MIS Dairy by the DPCU.
2. MIS entry shall be made only after the subsidy amount has been disbursed to beneficiary.

3. Data punching in the MIS must strictly reflect the actual details. The concerned Livestock Manager/YP/Inc shall ensure correct entry of data (Beneficiary details, Subsidy amount in each component, Total subsidy amount etc.) by referring to the documents.
4. Livestock Manager / YP-LS / IC-LS will be held accountable for accurate and timely digitization in the Web.
