#### OFFICE ORDER

Digitization is being carried out across state on regular basis which has allowed having a large reservoir of data at BRLPS. Several customized reports have been developed for identifying the progress and the gaps. It is a very helpful tool for all the staff at Block, District and State level. It is important to use the MIS at all levels for review purposes.

In order to achieve proper usage of MIS, a two-day residential training programme has to be organised at the district level. The training has to be conducted in reference to the following points:-

- 1. The participants would be DPM, Thematic Managers and all the BPMs of the concerned district.
- 2. The training has to be organised between 26<sup>th</sup> August, 2019 and 1<sup>st</sup> October, 2019.
- 3. The expenditure of the training would be booked under the approved unit cost for residential training as per the project norms.
- 4. The payment is to be made by the district.

The DPMs should ensure the participation of all concerned in timely manner within the dates mentioned aforesaid.
