Important Note

Please do not **close the browser** to close the application. Do **proper logout** by clicking on Logout button, otherwise the Id will be in Logged condition upto 10 minutes after stopping the work, during which user will not be able to login with the same Id. Only after 10 minutes the status automatically changes to Active after which the user will be able to login again with that Id.

Similarly 3 unsuccessfull attempts to login to the application, locks the Id for 10 minutes during which also the user will not be able to login. In both the above cases if the user wants to login immediately (not waiting for 10 minutes), can contact the MIS Nodal Officer of that state who can unlock the Id which facilitates in immediate login.
