Real time Digitization in Mobile and Web Applications

BRLPS has a developed and rolled out several mobile and web applications being used by themes across the state. The digitization pace has not been found satisfactory in many cases which restricts the effective utilization of data in decision making. It is very important to digitize the progress in app and applications in real time so that the data can be used for more effective analysis and decision making. In order to manage the digitization process at District and Block level, the concerned themes will conduct regular follow up for digitization. The list of the major apps/applications, concerned Theme, District level users and Block level data entry users are as follows:

Sl. No.	Apps And Applications	Theme	District Level	Block Level data entry User
	List of Apps and Applications			
1	CBO profiles	IBCB	Manager IBCB	MIS executives
2	Aadhaar Digitization	IBCB	Manager IBCB	Community Mobilizers
3	MPMG (Masik Prativedan)	IBCB	Manager IBCB	Master Book Keeper

27	HRMIS ERP with Mobile app	HR	HR Managers	N/A
28	Staff Transfer Posting application	HR	HR managers	N/A

It is very important to digitise the progress of interventions in the app and applications in real time. The concerned officials at all levels to follow to ensure timely digitization activity. It will help to deep dive and analyse the progress of the interventions and further useful in Decision Making at Apex level.

BPM at Block level and DPM at District level will ensure the real time digitization by the concerned users. The Monthly Review at District level/Block will utilize the MIS data. M&E Managers/MIS-Consultants will ensure proper follow up, trainings, Gap analysis, etc. and related activities in digitization. **All the apps and applications to be updated at-least until last month.**

No other form of data/report to be accepted at any level for which digitization app/application is available.

MIS theme to ensure technical support in all apps and applications.
